## Investiture Ceremony

"A leader is one who knows the way, goes the way, and shows the way." John C. Maxwell

TAGS celebrated its 2<sup>nd</sup> 'Investiture Ceremony' on 4<sup>th</sup> May for the academic session 2019-20, to inculcate the leadership qualities in the students and to give them a feel of functioning of the administrative body. It was held with great pomp and dignity in 'Swami Dayanand Saraswati Hall' in the school campus. The ceremony commenced with the lighting of lamp followed by Saraswati Vandana. The elected leaders were conferred badges and sashes by their parents. The Students' Council took oath and promised to be impartial, honest and sincere towards their duties. They pledged to serve the school and fulfil their responsibilities to the best of their abilities. The elected head boy and head girl shared their experiences and gratitude to the teachers and management in their speech. Investiture Ceremony was not a one day process. Students worked hard to get the votes of the students as well as teachers. Students Council had to pass through different stages to get elected. First, they cleared an interview and did campaigning. They shared their manifestos with the students to get more and more votes. The formation of Students Council

was a fair and democratic decision. Teachers as well as students from Grade III to IX voted for their favourite candidate. The Vice Principal Ms Aarti Ohlan appreciated and congratulated the newly elected leaders for their preparedness to take responsibilities. She advised them to be role models for their juniors and help in smooth functioning of the school. She also encouraged them to be dutiful and responsible. She asked them to use these opportunities and balance them well with academics, to excel in both. The entire team of Aaryan and Parents congratulated the students of the council and wished them luck to impart their duties well in future. The function ended with National Anthem.

## Anti-Bullying Campaign

In every school and in almost every class, there are children who are objects of ridicule and sometimes of open abuse by individual children or even the entire class. According to the statistics, up to 10% of the children regularly are exposed to various forms of abuse by classmates.

About 26% of mothers consider their children to be victims of such violence, which is today a dangerous phenomena with extremely negative consequences, under the generally accepted term "BULLYING".

To make students aware about the word "BULLYING" and its consequences. An ANTI-BULLYING campaign was held at the THE AARYAN GLOBAL SCHOOL. CLASS IX was divided into groups and sent in classes IV to VIII.

Senior students along with the teachers made the junior students aware of bullying and its negative consequences. They gave examples how bullying takes place in the classrooms, on what basis is the bullying done and discussed ideas to prevent bullying. Students were also given the liberty to express their views and ideas. We are glad to share that this campaign was a grand success.
