INVITATION

Vaish College Rohtak invites you to participate in a One-day National Seminar (Online mode) on "Sustainable Development: Issues and Challenges" on April 6, 2024 approved by Directorate of Higher Education, Haryana.

Professors/Associate Professors/Assistant Professors/ Research Scholars/Students are invited to submit and present their original research papers/articles related to the concerned theme of the seminar.

ABOUT THE COLLEGE

Vaish Education Society Rohtak has a glorious past, a marvelous present and an excellent promising future. It owes its establishment in the very crucial period of our freedom struggle. It was a great privilege and rare moment in the history of Vaish Education Society to get the blessings of the great soul 'Mahatma Gandhi ji- The father of the Nation' in the form of laying the foundation stone of one of the institutions on 16.02.1921. Vaish College Rohtak was founded before Independence on June 10, 1946 and it is a premier co-educational, multi-faculty and Post Graduate institute for modern education in the region. It is located behind the Rohtak Railway Station.

ABOUT THE SEMINAR

Sustainable Development can be defined as an approach to the economic development of a country without compromising with the quality of environment for future generations. In the name of economic development the price of environmental damage is paid in the form of land degradation, soil erosion, air and water pollution, deforestation etc. This damage may surpass the advantages of having more quality output of goods and services.

OBJECTIVES OF SEMINAR

- To promote the kind of development that minimizes environmental problems.
- To meet the needs of the existing generation without compromising with the quality of environment for future generation.
- To analyze the major environmental issues such as air and water pollution, deforestation, soil erosion and climatic changes.
- To promote research initiatives which focus on sustainable education practices while enabling the discovery of innovative solutions by evolving societal and environmental consciousness.
